It is so fantastic getting to know our deposit holders and interested parties who will soon form the residents of our GemLife Woodend resort.

Civils Work is Underway

The construction team are working hard

Civil works is underway

Our hardworking construction team

We are very proud to present the beginning stages of construction here at GemLife Woodend. Civils are well and truly underway – you can really start to see the resort taking shape.

The permanent perimeter fencing is about 50% complete at this point in time and the eradication of weeds is in progress.

The first roads are scheduled to be poured early this month! It will be great to see the layout of the resort become visible; we can't wait to bring you more updates.

Following on from this, the construction of the Manager's Residence and Entry Gate will commence in early March.

If you'd like more information about the upcoming construction at GemLife Woodend, contact our Sales Team on 1800 931 188 or email: julie@gemlife.com.au
